CV guide: How to prepare yourself for your next job

For young students and unemployed

ΤΟ ΒΗΜΑ ΤΟΥ ΜΕΤΑ ΠΤΥΧΙΑΚΟΥ ΦΟΙΤΗΤΗ

The Graduate Forum

Ένας θεσμός που προάγει την ανταλλαγή απόψεων μεταξύ μεταπτυχιακών φοιτητών και εκπροσώπων του επιχειρηματικού και ακαδημαϊκού κόσμου, από τον Όμιλο TITAN.

A TITAN Group Forum which promotes the exchange of views between graduate students and representatives from the business and academic world.

More than 5000 postgraduate students in the last 17 years

- Connect with Business reality
- Messaging from top leaders from the market
- Market needs on skills and capabilities

Internship guide

A guide to ensure that the internship is a valuable learning experience for young people and an essential step in the transition from training to work.

Experience

ReGeneration

Paid internship at TITAN
Exposed to big projects

**YOUTH
MATTERS**

A skills development program, focused on accelerating the digital transition. The goal of this program was to attract young people up to 29 years of age, from a technology/science education background and work experience of up to three years, interested in pursuing a dynamic position in the modern marketplace and, in particular, in the field of Data Science.

The Academy in a nutshell

24 young men and women were selected through ReGeneration's

5 teams

6 weeks/ 100 hours of training

2 trainers – partners of Code.Hub

Specific seminars in the Kamari Plant and the Group Digital Lab in Athens

6 TITAN executives as mentors
