- ❖ No code process digitization
- ❖ Building blocks designed for process automation in frontline operations.

The screenshot displays the TEKMON form builder interface. On the left, a vertical panel contains 24 building blocks, each with an icon and a label: Single Line, Multi Line, Number, Name, Address, Phone, Email, Date, Time, Dropdown, Radio, Multiple Choice, Checkbox, Decision Box, Date and Time, Website, Currency, File Uploader, Image Uploader, Camera, Slider, GPS Location, Signature, Rating (Stars), Unique ID, Formula, and Terms of Use. On the right, the form configuration area includes a red circular logo, a 'Form Name' field, a 'Category' dropdown menu with the text 'Allocate a category for this form', and a large light blue dashed box labeled 'Start Building' with the instruction 'Drag a field from left panel and drop here to add it to the form.'
